

Mr. Louis J. Lambert, Jr.
Town Attorney
Crawford, Lambert & Goldsmith
P. O. Box 1186
Gonzales, Louisiana 70737

Dear Mr. Lambert:

This is in reply to your letter of November 24, 1970. It is our understanding that the Louisiana Public Service Commission lacks funds and personnel to participate in the gas pipeline safety program. Therefore, municipal gas systems in Louisiana are required to file a plan of inspection and maintenance with this Office.

Thank you for your interest in pipeline safety.

Sincerely,

/signed/

Joseph C. Caldwell
Director, Acting
Office of Pipeline Safety
