

December 15, 1970

Mr. E. A. Haarala, P.E.
City Engineer
City of Moss Point
Moss Point, Mississippi 39563

Dear Mr. Haarala:

This is in reply to your letter of November 24, 1970, concerning a format or guide to follow in preparing plans of inspection and maintenance required under 49 CFR, Part 192.

No such format or guide has been prepared. We would expect that, at the least, such plans will include all items required by the operation and maintenance subparts of Part 192.

After we have received and tabulated the results of our first annual reports, due by February 1, 1971, we hope to be able to prepare guidelines that may be of further assistance to you.

Thank you for your interest in pipeline safety.

Sincerely,

Joseph C. Caldwell
Director, Acting
Office of Pipeline Safety
